Sonja, Arthur and Kevin McCarthy spoke about your starting date with the Drug Lab. I believe they along with Personel are going to work out when your exact starting date will be. I hope it will be in the 4-6 week range but we'll see. The only paperwork you have to fill out right now is the CORI security check form. If you can come by Friday sometime that will be fine. Give me a call at 6631. Take care Chuck Salemi

Mr. Salemi,

Yes, I am still interested in the Chem 1 position and accept the offer. I know that you mentioned starting in 4-6 weeks, which sounds good. My current supervisor, Arthur Kazianis, is curious as to the actual start date (my guess is that it will have something to do with filling my Bacteriologist 1 position). Also, please let mw know where/when I need to fill out the paperwork. Thank you very much and I look forward to working in the Drug Analysis Lab.
